

Vets North run night classes for small block holders on farm animal care. These courses run for six nights and cost \$500. We have had requests for a more economical option so are now offering a one night Sheep Care course.

The course will run from 6pm - 8.30pm at Vets North Helensville. Full written notes will be provided, along with some nibbles and drinks. Mark Anderson will present all the material with lots of pictures and examples of equipment and treatments.

Mark was brought up in town but moved with his family to the country in the 1970's. He learned the hard way, with lots of mistakes, so has a real appreciation for the realities of small block farming. He has now been a rural Vet for 30 years and has an interest in both sheep farming and parasitism.

The course fee is \$75 for one person or \$100 for a couple (*only one set of notes provided*). Course numbers are limited to enable real discussion.

Course Fees: \$75 (incl. GST)

Next Course Dates:

Kumeu: 28th June 2016

Helensville: 22nd June 2016
