

Vets North run night classes for small block holders on farm animal care. These courses run for six nights and cost \$515. We have had requests for a more economical option so are now offering a one night Sheep Care course.

The course will run from 6pm - 8.30pm at Vets North Kumeu, Waimauku, Helensville & Silverdale. Full written notes will be provided along with some nibbles and drinks. Mark Anderson will present all the material with lots of pictures and examples of equipment & treatments.

Mark was brought up in town but moved with his family to the country in the 1970s. He learned the hard way, with lots of mistakes so has a real appreciation for the realities of small block farming. He has now been a rural Vet for 35 years and has an interest in both sheep farming and parasitism.

The course fee is \$75 for one person or \$100 for a couple (*only one set of notes provided*). Course numbers are limited to enable real discussion.

Course Fees: \$75 (incl. GST)

2018 Course Dates:

Kumeu: 24th July | Waimauku: 31st July

Helensville: 14th August | Silverdale: 7th August
